### Jeep Stroller Wagon

For moms with multiples, consider giving her a way to transport all of her little ones in one convenient ride. The Jeep Wrangler Stroller Wagon (\$299) can comfortably sit up to two children (or up to 110 pounds). The device offers a smooth ride in three different modes, sun safety protection with its UV-blocking canopy, and multiple storage compartments. Better yet, the wagon compacts tightly to fit into even the smallest of spaces.
