

Delta Children

The best folding travel stroller out there!

[Delta Children Clutch Stroller](#) – An extremely lightweight travel stroller that compactly folds down to easily fit into airplane or train overhead bins and is **smaller than a grocery bag**. The attached handle makes it a breeze to carry through the airport, amusement park or just to your car.

Delta Children offers a variety of products for children. They were parents themselves and believe that you shouldn't have to choose between what's good for your baby and what's good for your budget. That's why they work tirelessly to create safe, sustainable and stylish products at affordable prices. They have been at this for over 50 years and know what it takes to make the best products for your kids!

Chemicals have no place in the nursery, that is why all Delta Children's products are completely non-toxic and free from heavy metals, lead, and other dangerous substances that could harm your baby. Every single product is held to the highest standards, so you can welcome your newest addition into a safe and healthy environment
