We're loving this snuggly toddler chair from Delta. The sofa-like seating for tots 18 months and older is the perfect cozy spot for them to settle in with a book or movie. Its lightweight design means you (or even your kiddo) can pick it up and move it from room to room, and the seat cover is removable for easy machine washing. It's reminiscent of the ever-popular **Anywhere Chair** from Pottery Barn—but at half the price! Talk about a budget-friendly chair for a toddler.
