

The 15 Best Stroller Wagons of 2023

11. Jeep Deluxe Wrangler by Delta Children

Best For:

Adventurous families who want a mid-range option with air tires for the ultimate off-roading experience. (And Jeep-lovers, of course!)

Not surprisingly, Jeep (by Delta Children) makes a **really good stroller wagon**. The price is mid-range, but it's really well-made and can handle almost any terrain.

It is designed to hold up to 110 lbs. One really cool feature that I haven't seen on any other stroller wagon is the detachable cooler bag it comes with.

It also comes with a parent organizer with multiple storage compartments, a front zipper pocket, a parent cup holder, and large front and back storage pockets, so you're not likely to run out of storage space with this baby!
