

The Best Toddler Tables and Chairs to Help Grow Your Tot's Independence

The Little Creator reversible tabletop lets them hop between eating and playing

Toddler-sized tables and chairs not only offer your child the perfect place to draw, play, and [eat their meals](#), these furniture sets can also give them a major [self-esteem boost](#). When young children can safely navigate seating space on their own, they can foster an early sense of autonomy.

Reviewed & Approved

The [Lily and River Little Creator Table](#) impressed us with its multiple activity surfaces and built-in storage space. For a special kid-size eating space, we like the [KidKraft Farmhouse Table and Chairs](#) set.

“Using child-sized tables and chairs makes it easier for them to complete tasks for themselves; giving them a sense of accomplishment and helping to build confidence,” says parent educator and play-space designer [Alanna Gallo](#), founder of Play. Learn. Thrive.

When looking for toddler tables and chairs, you should prioritize sets that will be safe for your child to maneuver in and out of on their own, meet their [height and weight](#) requirements, and be [developmentally appropriate](#) for their age range. Children this age can change rapidly, so Gallo says there are additional specifics to keep in mind, like making sure the seating set also fits your space and style, and has the specific functionality you're looking for.

We've reviewed the products on the market now, and these are the best toddler and table chairs.

Best Budget: Delta Children MySize Kids Wood Table and Chair Set

Delta Children

[View On Amazon](#) | \$65

Pros

- Inexpensive
- Comes in a variety of colors
- Non-toxic materials

Cons

- Doesn't grow with your child
- Paint may chip or discolor with time

For those searching for budget-friendly options, we recommend this Delta MySize table. The set comes in three different colors, so it'll make a great addition to communal spaces or playrooms where children spend most of their time. This table is safe and sturdy to help kids bridge the gap between the high chair and joining the family at the main dining table.

"[The MySize set] is a great table if you're on a budget and want something that is good for mealtimes, building, and arts and crafts," says Gallo.

If the two included chairs aren't enough, you can add an additional two seats to your order.

Table size: 23.5 x 23.5 x 19.625 inches | **Chair size:** 10 x 11.5 x 20 inches | **Recommended age:** 3 years old or up to 50 pounds
