

Operation Homefront hosts baby shower for families from Joint Base McGuire-Dix-Lakehurst

COOKSTOWN — Operation Homefront, with the support of Delta Children hosted a Star-Spangled Babies baby shower for 50 pre-registered new and expecting military families from Joint Base McGuire- Dix- Lakehurst on Wednesday, September 27 at VFW Post #6590 in Cookstown.

Welcoming a new baby to the family can be difficult for military parents-to-be who often live far from their extended families and support systems – and even more so when finances are tight. During this event, Operation Homefront celebrates military families, provides resources, and helps alleviate some of the costs by distributing essential baby supplies including mini cribs and mattresses provided by Delta Children, the largest baby and kids' furniture brand. In doing so, they will make it easier for service members to focus on welcoming the newest member of their families. Beyond the material donations, the event also fosters community and offers emotional support to military families. It's a chance for these families to connect with others who understand the unique challenges they face.

About Delta Children

Delta Children was founded over 50 years ago around the idea of making safe, stylish and affordable children's products. Today, they're the largest family-owned company in the industry, and are trusted by millions of families worldwide. Delta Children designs a wide range of furniture products for the childhood years and beyond – providing babies and kids with safe places to sleep, play and explore. Along with their own branded collections of nursery furniture, kids' furniture, mattresses and baby gear, they are a proud licensor of Disney, Nickelodeon, Warner Brothers, Marvel, Sesame Street, Jeep, Simmons Kids, Beautyrest, Baby Gap and Serta products.
