## Operation:

- Insert the adaptor into the adaptor port located at the back of the watch winder and plug it into the electrical outlet.
- Open the lid and carefully pull out the watch holder by forefinger and thumb.
- Place the watch on the watch holder.
- Place the watch in the winder it was taken from.
- Using the Mode switches, select the required rotating mode direction, clockwise, anti-clockwise or bi-directional and TPD, 650, 750, 850, 1000 or 1950.
- Press the ON/OFF switch at the back of the watch winder to ON, the watch winder should now be working.

## Attention:

- If you do not use this product for a long time, please switch off the unit and unplug from the electrical outlet.
- Please dispose of this product responsibly at an approved disposal site or recycling facility.
- Do not dispose of this product in normal household waste.
- If the watch winder is in the middle of a program and you use the off switch to stop the unit and remove a Watch, when you switch it back on it will restart at the beginning of the program.
