

Recommended HOA Guidelines : Basketball Hoops

Portable Basketball Hoops: Approval is not required provided the following guidelines are met:

Hoops must be mechanically sound, clean and well maintained. For safety and access reasons, hoops may only be used in the owner's backyard or on the owner's driveway and placed so that play does not extend onto neighbors' properties, or community sidewalks and streets. The base must be fully filled when the portable hoop is in use. Portable hoops and other temporary play equipment should be stored out of sight of the street if not in weekly use, or during extreme weather events. Only one portable basketball hoop is permitted per lot.

- a) No items that are not part of the basketball hoop may be used to keep the hoop upright (sandbags, buckets, blocks, etc.), except for Hoop Secure or similar product. Please check with (*HOA name here*) for further clarifications on exceptions.
- b) The owner is responsible to ensure the basketball hoop is aesthetically pleasing at all times. Should the hoop be in disrepair, knocked over, broken, or have any unsightly condition the association may require immediate removal.
- c) The basketball post must either be black in color or match the color scheme of the home.
- d) Backboard must be clear in color.

Backyard or In-Ground Hoops:

Approval is required prior to installation. All requests will be evaluated on placement and circumstances of each backyard, as well as court area surface, visual screening and proximity to neighbors.

- a) The owner is responsible to ensure the basketball hoop is aesthetically pleasing at all times. Should the hoop be in disrepair, knocked over, broken, or have any unsightly condition the association may require immediate removal.
- b) The basketball post must either be black in color or match the color scheme of the home.
- c) Backboard must be clear in color.

All other play equipment must be submitted to the (*HOA name here) for approval.
