

Bar Maid®

BAR AND RESTAURANT SUPPLIES

Bar Maid®

Welcome

In 1961, Bar Maid introduced the first five brush Electric Glass Washing Machine as the “World’s Most Efficient Glass Washer.” With five spinning brushes to simultaneously scrub the inside and outside of glasses, it proved an economical way to ensure the fast, easy removal of tough stains like lipstick and fruit pulp. The compact submersible Electric Glass Washer, and later the upright model, quickly became the professional bartender’s choice for durability, efficiency and size small enough to fit in almost any bar sink.

While competitive copies soon emerged, Bar Maid Washers remained the quality leader. To compliment their Washer line, Bar Maid also offered their unique LoSUDS Detergent for clean, spotless glassware and later the Sani-Maid Sanitizer for the ultimate in glassware sanitation.

While Bar Maid has made minor improvements to their famous five brush Electric Glass Washers over the years, perhaps the most important evolution has been in the brushes. As the different sizes and shapes of glassware have evolved, Bar Maid has developed a wide variety of brush styles to clean virtually any size or shape of glass, including shot and margarita glasses, pitchers, coffee pots and extra tall glassware. The company also offers “softie” brushes with softer bristles for plastic glassware and special sized brushes upon request.

The company added more innovative products including the KP Cart and KP Dolly for easy moving of heavy beer kegs or trash cans. A one and a three horsepower blender, along with two citrus juicers, were added to round out the bar equipment line.

In 2011, Bar Maid set its eye on being the #1 source of bar supplies too and unveiled its line of “Best in the Bar” Bar Necessities. High quality, mostly Made in USA products designed for professional bartenders including measured pourers, caddy organizers and much, much more. Bar Maid continued to expand its product catalog, most recently including a line of Fly-Bye products to help the hospitality industry combat pesky fruit flies, a commercial glass polisher, cutlery polisher and a citrus wedger.

Bar Maid Corporation remains a privately held company focused on the best quality products for the bar.

“We are proud to say that Bar Maid Electric Glass Washers are still assembled by hand in the USA the way they were over 50 years ago and that we have chosen the highest quality products, Made in USA where available, for our Bar Necessities line to lead us into the next 50 years.”

*– Bar Maid owner and President
George Shepherd*

Warranty Information

Bar Maid Corporation builds high quality products designed to deliver for years of service. In the unlikely event that you experience a product failure or malfunction, please call (954) 960-1468 or e-mail info@barmaidwashers.com. Make sure you have the model and serial number (if applicable) and purchase date information. We will provide factory service, arrange service in your area or for some products, a replacement. Notifying your selling dealer may delay service.

The best tasting draft beer is also the most profitable.

Bar Maid's Glass Washing System can add THOUSANDS OF DOLLARS TO YOUR BOTTOM LINE!

	UNITS OF BEER PER KEG				PROFIT PER KEG Extra Glasses = Extra Profit
	NO HEAD	½" HEAD	1" HEAD	EXTRA UNITS WITH ½" TO 1" HEAD	
12oz. Pilsner	165	189	220	24 to 55	\$4 each = \$96 to \$220 Profit
12oz. Mug	165	176	203	11 to 38	\$4 each = \$44 to \$152
16oz. Pint	124	140	163	16 to 39	\$5 each = \$80 to \$195 Profit

As the chart above reveals, an Electric Glass Washer and proper chemicals may easily pay for itself. A poorly cleaned glass may leave grease, dirt or soap film that can leave beverages "flat" and create a negative customer experience. A properly cleaned glass allows water to sheet off evenly, leaving it to dry spot and streak free. It also promotes an appealing "head" on the beer that leaves a lace with every sip. Soda and sparkling wine will taste fresher with more fizz. Wine lovers will experience the true color, aroma and taste of fine wines.

Bar Maid's Glass Washing System

Bar Maid Professional Electric Glass Washer + Bar Maid LoSUDS Detergent + Bar Maid Quaternary Sanitizer + Bar Maid Sanitizer Test Strips = **\$** MORE PROFIT with Bar Maid

GLASS WASHING

Customers love our glass washers...

Because nothing cleans glassware faster or better!

- Saves time... Installs in virtually any bar sink in seconds. Instantly scrubs off tough stuff like lipstick and fruit pulp.
- Saves work... Clean glasses on demand. No racks to load/unload and move. Less chance for breakage too.
- Saves money... Low purchase cost, low operating and no maintenance cost, less water and chemical usage.
- More versatile... Large selection of brushes to clean virtually any size and shape of glassware.
- More profit... Properly cleaned glassware results in better quality draught beer, often yielding many extra glasses per keg and thousands per year in profit.

Simply sparkling glassware... fast.

Commercial Glass Polisher

Model GP-100

The GP-100 Commercial Glass Polisher is key to sparkling glassware for hotels, caterers, bars, restaurants, event venues and glassware rental companies for whom consistently brilliant glassware is important for maintaining their reputation.

- Efficient... polishing heads simultaneously polish glassware inside and out, and are dried by the warm air of the blower.
- Gentle... Soft microfiber twine material minimizes stress on glassware reducing potential for breakage.
- Saves time and money... At least five times faster than hand polishing. Polishes up to 350 glasses per hour. Easily pays for itself with huge labor savings and reduced glass breakage.
- Sanitary... Customers enjoy crystal clear glassware with minimal handling by bar staff.
- Safety... Virtually no glass breakage or associated injuries results in considerable savings in potential Workers Compensation claims.
- Portable... Small footprint and lightweight. Built-in handles for portability.

Product Material: Microfiber Twine

Champagne Flute Head

GP-554

- Perfect for polishing tall champagne flutes.
- Fits the GP-100 and GP-100-LB Commercial Glass Polisher.

How much money could you save by polishing glassware with the GP-100 Commercial Glass Polisher?

The Bar Maid GP-100 Commercial Glass Polisher is an easy to use, lightweight, portable glass polisher that greatly reduces labor costs, broken stemware and risk of cut injuries associated with manual glass polishing while achieving better glass polishing results.

Five highly absorbent polishing heads and a forced hot air blower dry and polish glassware spot free in 5-10 seconds. No need to use a towel that you're not sure where its been, costly coffee filters or a dirty hand. The soft polishing heads provide a more thorough, sanitary and consistent polish all the way to the bottom of the glass and reduce risk of broken stemware and injuries.

Long-lasting polishing heads are easily removable for cleaning with mild detergent (no sanitizer). The only other maintenance is occasionally cleaning the air intake on the bottom of the unit.

POTENTIAL LABOR SAVINGS FOR BARS, RESTAURANTS AND BANQUET PROVIDERS

Daily Glassware Polished	Daily Cost of Manual Polishing*	Annual Cost of Manual Polishing	Daily Cost of Polishing with GP-100*	Annual Cost of Polishing with GP-100	Annual ROI with GP-100 Glass Polisher
200	\$13.88	\$5,067.42	\$4.17	\$1,520.23	\$3,547.19
300	\$20.83	\$7,601.13	\$6.25	\$2,280.34	\$5,320.79
500	\$34.71	\$12,668.54	\$10.41	\$3,800.56	\$8,867.98

1000	\$69.42	\$25,337.08	\$20.83	\$7,601.13	\$17,735.96

STEMWARE SAVINGS

Glassware Breakage with Manual Polishing \$10 per stem	Annual Savings from Reduced Glassware Breakage
Break 2 per week	\$1,040
Break 5 per week	\$2,600

LIABILITY SAVINGS

One cut finger can cost you \$2000 and more including salary and medical bills. Worst case can also include rehabilitation or disability.

*Average based on user experience

The benefits are as crystal clear as your glassware with the Bar Maid GP-100 Commercial Glass Polisher.

Glass Polishing Wand

GP-1M

A soft, lint-free polishing cloth envelops the flexible rubber tip of the wand as it conforms to glassware shape during polishing, removing water spots and improving clarity.

- Polishes most sizes and types of glassware, including champagne, wine, martini and cocktail glasses.
- More sanitary than hand polishing
- Reduces glass breakage
- Reduces potential for laceration injuries
- Machine washable polishing cloths
- Additional polishing cloths sold separately

Glass Polishing Replacement Cloths

GP-3MC

- Fits the GP-1M Glass Polishing Wand
- 3 per pack

GLASS POLISHING

Polish clean cutlery to a brilliant, spot-free shine.

Polish up to 4000 pieces per hour!

CUTLERY POLISHING

Cutlery Polisher

Model CP-7000

Nothing says more about a restaurant than sparkling clean, spot-free cutlery. And nothing gets the job done easier and faster than Bar Maid's CP-7000 Cutlery Polisher.

- Efficient and easy to use... Dry and polish warm, wet cutlery right out of the dishwasher.
- Fast payback... The CP-7000 dries and polishes between 2,000 and 4,000 pieces per hour, significantly reducing labor and other costs associated with hand-polishing.
- More sanitary... Reduces the potential for contact with unhygienic hands and towels. Cutlery passes through a safe, chemical free UV-C sanitation process.
- Portable... Relatively small footprint fits most work tables or the optional CP7C wheeled cart for easy portability and storage.

See it on **YouTube**

Specifications:

Model CP-7000

Voltage: 110-120V AC 50/60 Hz
630-750W 6.25 Amps

Weight: 139lbs

Shipping Weight: 177lbs (including pallet)

Product size: 25.6 x 24.5 x 19" (approx.)

Carton size: 35 x 30 x 27" (including pallet)

Initial organic compound included

⚠ WARNING: This product can expose you to Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

The CP-7000 Cutlery Polisher... simple and easy operation.

Simply insert 8-10 pieces of cutlery in the top chute every 5 to 10 seconds. Cutlery vibrates through warmed organic granulate (150-170°F) drying and polishing cutlery. UV-C exposure sanitizes before cutlery exits helping to eradicate any potential bacteria remaining from the washing process. Polished, dry, sanitized cutlery exits from the side chute into a clean bus pan or rack, ready to impress your customers.

View inside
the polisher

Organic Polishing Compound

CP-REFILL

An organic polishing compound for use in the CP-7000 Cutlery Polisher.

Wheeled Cart

CP7C

Handy wheeled cart for use with the CP-7000 Cutlery Polisher increases ease of portability.

POTENTIAL LABOR SAVINGS FOR BARS, RESTAURANTS AND BANQUET PROVIDERS

KEG AND PAIL MOVERS

Premium Pour ensures your profits with every pour.

Bar Maid measured pourers provide accurate, consistent pours and place the power over profits in the hands of the bar owner.

How much profit could you be losing each year to free pouring?

1 case (twelve .75 ltr bottles) = 304 ounces and yields 243 1/4 ounce pours

Just 1/4 ounce over pour per drink results in a yield of only 203 drinks per case

At \$6 a drink, the bar owner could be losing \$240 profit per case

Multiplied by 7 cases a week results in \$87,360 LOST PROFIT PER YEAR!

The patented three ball design makes Premium Pour the most accurate pourer available!

Premium Pour are Best in the Bar

- Pourer ball bearings don't fall into the bottle thanks to our special patented design.
- Smoother pour with less sticking ensured by a primer ring to channel liquor around the inner ball bearing.
- Greater accuracy means more profit per bottle thanks to the patented three ball design.
- Easy removal with our "lock-on" collar.
- Four popular shot sizes 7/8, 1, 1 1/4, 1 1/2 ounces.
- Four colors - blue, clear, green and red.
- Wide cork (larger bottles) and flip-tops (to keep the fruit flies out) available.

Sommelier Series Pourers

We expanded our line of pourers to include two specifically designed for serving wine by the glass. Our five ounce measured wine pourer helps keep profits predictable by ensuring proper portion size for every glass poured, while the wine aerator saves time and improves customer experience by aerating wine as it is poured.

Wine Pourer

BMP-500RAC

- Accurately pours 5 ounces, eliminating the need for the 5 ounce carafe.
- Fits into any size bottle.
- Patented design ensures ball bearings stay intact.
- Easy removal with our “lock-on” collar.
- Cleans quickly and easily.

Wine Aerator

BMP-600AR

- Attractive “Pourer” design aerates as wine is poured.
- Ensures red and white wine tastes its best at the time it is poured.
- Easy to use. Easy to clean.
- Packaged 2 per display pack. 6 Packages per shipping carton.

POURERS

FLY-BYE™ products let you say goodbye to pesky fruit flies.

FLY-BYE

Fruit flies are not just a nuisance... they are a major sanitation issue for bars and restaurants.

Fruit flies love ripened fruits and vegetables as well as fermented beverages, liquor, beer and wine. They also breed in floor drains, bottles and cans, trash and recycling containers... virtually any damp area with spillage or attractive residues. Our FLY-BYE line of products gives the restaurant and bar industry effective tools to help control fruit flies.

Bar Maid FLY-BYE™ Fruit Fly Traps

- Utilizes a 2 part, food-based attractant to entice fruit flies into the trap where they are unable to escape.
- Disposable and recyclable
- Non-toxic — use anywhere, any time
- Each trap lasts up to 30 days
- Contains no VOCs (Volatile Organic Compounds)

See it on [YouTube](#)

Cockroaches, fruit flies, odors and gases are all undesirables that can plague your floor drain.

Bar Maid's FLY-BYE Floor Drain Trap Seal is a patented one-way valve that allows water and solids to flow down the drain, while preventing odors, sewer gases and insects such as fruit flies and cockroaches from entering up through the floor drain grate.

With a durable one way silicone valve, the economical FLY-BYE Floor Drain Trap Seal:

- Installs quickly and easily in minutes
- Makes drains virtually maintenance free
- Stops fruit flies and cockroaches from escaping
- Keeps bacteria, nasty smells and gases in the drain
- Stops the need for adding primers and fresh water
- Does not impede flow rate
- Pesticide-free
- Patented 3-part design allows fluid to flow down, but nothing to come back up

See it on [YouTube](#)

Available in four sizes to fit most drains!

Specifications:

- Model FB-TS20: 2" Drains
- Model FB-TS30: 3" Drains
- Model FB-TS35: 3.5" Drains
- Model FB-TS40: 4" Drains

- Approximately 3 seconds for a 1 ounce pour
- 4 colors

SSP-303R

Betterway Universal Poured Covers

CR-300SC

- Keeps fruit flies and bugs out
- Fits Betterway Pourers

Kover-All Universal Poured Caps

CR-300UN

- Keeps fruit flies and bugs out
- Fits a variety of pourers

Beer Drip Tray Conditioning Strip

TAP-STRIP

- Reduces odors that attract fruit flies
- Controls beer tap and soda drip tray odors
- Minimizes clogged drain trays
- Perfect for use in restaurants and bars, hotels, hospitals, schools and colleges
- Cost effective... lasts approximately 21-90 days depending on application

Beer Tap Cap

TAP-CAP

- Keeps fruit flies and bugs out
- Helps keep taps sanitary

Beer Tap Cap Brush

TAP-BRUSH

- Keeps fruit flies and bugs out
- Helps remove built up residue inside taps
- Help prevent "beer stone" and bacteria build up
- Stepped design fits virtually all taps

Glass Polishing Wand

GP-1M

A soft, lint-free polishing cloth envelops the flexible rubber tip of the wand as it conforms to glassware shape during polishing, removing water spots and improving clarity.

- Polishes most sizes and types of glassware, including champagne, wine, martini and cocktail glasses.
- More sanitary than hand polishing
- Reduces glass breakage
- Reduces potential for laceration injuries
- Machine washable polishing cloths
- Additional polishing cloths sold separately

Flexible wand tip contours to the glass!
