#### OUR BESPOKE SERVICE.

Our online kit designer enables you to choose from ready made designs to create a kit perfectly suited to your own unique personality.

Choose a starting design online or take a look through our gallery photos for inspiration!

#### GOT YOUR OWN IDEAS?

Using our expert in-house design team, we can design pretty much anything you like. From retro to the most unique colourful design you can imagine! Using our specialist sublimation methods, we are able to create any design in an array of colours and styles, complete with sponsors and logos.

#### FULLY SUBLIMATED GARMENTS.

Our bespoke products are fully sublimated. Sublimation is a process by which dyes are applied to the fabric. The dye-sublimation printing process uses heat to transfer dye onto the fabric and because the dyes bond very well with polyester it is possible to print bright, well-defined images. Logos, names and numbers can be printed onto the product at the same time, which means there is no additional cost for these customisations.
