WANT SOMETHING A LITTLE DIFFERENT? GOT YOUR OWN IDEAS?
CREATE YOUR CUSTOM KIT, WITH OUR KIT DESIGNER!
OR CONTACT US WITH WHAT YOU HAVE IN MIND!

OUR BESPOKE SERVICE.

Our online kit designer enables you to choose from ready made designs to create a kit perfectly suited to your own unique personality. Choose a starting design online or take a look through our gallery photos for inspiration!

GOT YOUR OWN IDEAS?

Using our expert in-house design team, we can design pretty much anything you like. From retro to the most unique colourful design you can imagine! Using our specialist sublimation methods, we are able to create any design in an array of colours and styles, complete with sponsors and logos.

FULLY SUBLIMATED GARMENTS.

Our bespoke products are fully sublimated. Sublimation is a process by which dyes are applied to the fabric. The dye-sublimation printing process uses heat to transfer dye onto the fabric and because the dyes bond very well with polyester it is possible to print bright, well-defined images. Logos, names and numbers can be printed onto the product at the same time, which means there is no additional cost for these customisations.

process by which dyes are applied to the fabric. dye onto the fabric and because the dyes bond very well with polyester it is possible to print bright, well-defined images. Logos, names and numbers can be printed onto the product at the same time, which means there is no additional cost for these customisations.

ARTWORK INFORMATION -

For Olorun to produce high quality decoration we need logo's for print, heatseal, sublimation and Embroidery to be provided in the following formats.

A VECTORISED FILE -

Adobe Illustrator (ai.) or Encapsulated Post Script (eps.) format files have no loss of quality when manipulated in size. Therefore these are the preferred formats to produce the best output.

HIGH RESOLUTION PDF -

Only Adobe Illustrator PDF's are acceptable for all decoration.

HIGH RESOLUTION JPEG -

In order that your, or your sponsor's logo is produced perfectly we must use vectorised artwork. If JPEG is the only format that can be supplied to us we will have to regenerate artwork in a vector format. To do this we charge.

EMBROIDERY

To Embroider your garments we need to have a digitised DST file of your design. Embroidery Setup is available. Contact us for prices.

Club logo's (normally applied to the left breast) and small sponsor logo's are ideal for Embroidery. Almost any type of garment (including Caps) can be embroidered. If you wish to embroider individual names, company names on square numbers in block type, this is called monogramming. A nominal charge is made for this service.

An existing DST file may also be amended (eg. to show a new tour date or to change 1st XV to 1st XI) - we may need to change in these cases.

PRINTING

We offer a printing service, prices vary depending on size and colour.

JPEG

VECTORISED

Above left is a JPEG, showing poor quality of a low resolution image. The above right is a Vectorised image making it perfect for reproduction.
