The EXOFIT Sublimated Jersey is designed to be worn as close to the skin as possible so it has a figure hugging shape. These shirts are worn tight so pick a size as close to your actual chest measurement as possible. This fit is only available with round and tonga neck collars. Made from our own unique fabric design with ergonomic quad-stretch system the close fit of the EXOFIT Sublimated Jersey, optimises your own body's cardio-vascular system.

Getting your body's fuel (oxygen) direct to where it is needed the most (your muscles) whilst reducing lactic acid and other metabolic waste build-up. With its enhanced moisture wicking properties, the material used in the EXOFIT Sublimated Jersey actually draws sweat away from your skin and keeps your body running at optimum temperature.

The LAXFIT Sublimated Jersey is tailored traditional playing jersey, with a contemporary fabric and tested to destruction to give you a jersey that can take all you can throw at it. Made from 280g Performance Polyester this style of shirt has a regular tailored fit allowing a looser feel and greater air movement within.

The LAXFIT Sublimated Jersey available in 'New Zealand' and traditional buttoned 'Grandad' neck styles.

FORGE

Granddad

The traditional Granddad collar is the ultimate upgrade from the old school union collar. As the majority of clubs still prefer to have collars, the Granddad is the most popular choice. Includes cotton drill neck tape for comfort and a single rubber button placket with reinforced stitching.

Union

A timeless style with a modern twist. Whilst still looking smart and retro. Including a Locker patch, Concealed woven placket and rubber button, this traditional collar maintains the heritage feel of your club.

New Zealand

The New Zealand collar is a new Continental design and bring a contemporary style to the range. Bringing together comfort and style with a modern twist. Includes cotton drill neck tape and reinforced stitching.

Tonga

Inspired by the Southern Hemisphere, this collar provides style whilst allowing you to perform at your best during a fast paced game. Designed for power and precision.

Round

The Round Neck collar is simple but effective, designed with strength and durability in mind. It is highly versatile and has advanced uses from minis/junior level all the way up to seniors. Only available for the Exofit.

Vertex

New to Olorun, This shaped Crew Neck collar is designed for style as well as for comfort and performance. A small versatile collar with defence evading abilities, so as to provide less material for a potential tackler to latch onto.

LAXFIT

REVERSIBLE - LAXFIT

Available in sizes:

SB, MB, LB, Y, S, M, L, XL, 2XL, 3XL, 4XL, 5XL, 6XL

- This fabric is truly unique as the structure of the knit is such that the face and reverse of the fabric is identical – allowing the fabric to be fully reversible and printable on both sides. Being reversible this garment offers two shirts in one.
- More room around the shoulders, this shirt suits the fuller body
- Semi fit sides have a little tailored shape which doesn't cling to the body like the tighter exofit.
- Raglan and side seams binded with flat lock stitch for ultimate strength and no thread breakage.
- Unlimited design options, with many colours and styles complete with sponsors and logos.

OUR BESPOKE SERVICE.

Our online kit designer enables you to choose from ready made designs to create a kit perfectly suited to your own unique personality.

Choose a starting design online or take a look through our gallery photos for inspiration!

GOT YOUR OWN IDEAS?

Using our expert in-house design team, we can design pretty much anything you like. From retro to the most unique colourful design you can imagine! Using our specialist sublimation methods, we are able to create any design in an array of colours and styles, complete with sponsors and logos.

FULLY SUBLIMATED GARMENTS.

Our bespoke products are fully sublimated. Sublimation is a process by which dyes are applied to the fabric.

The dye-sublimation printing process uses heat to transfer dye onto the fabric and because the dyes bond very well with polyester it is possible to print bright, well-defined images. Logos, names and numbers can be printed onto the product at the same time, which means there is no additional cost for these customisations.

**WANT SOMETHING A LITTLE DIFFERENT? GOT YOUR OWN IDEAS?

EMBROIDERY AND PRINTING

ARTWORK INFORMATION -

For Olorun to produce high quality decoration we need logo's for print, heatseal, sublimation and Embroidery to be provided in the following formats.

A VECTORISED FILE -

Adobe Illustrator (ai.) or Encapsulated Post Script (eps.) format files have no loss of quality when manipulated in size. Therefore these are the preferred formats to produce the best output.

HIGH RESOLUTION PDF -

Only Adobe Illustrator PDF's are acceptable for all decoration.

HIGH RESOLUTION JPEG -

In order that your, or your sponsor's logo is produced perfectly we must use vectorised artwork. If JPEG is the only format that can be supplied to us we will have to regenerate artwork in a vector format. To do this we charge.

EMBROIDERY

To Embroider your garments we need to have a digitised DST file of your design. Embroidery Setup is available. Contact us for prices.

Club logo's (normally applied to the left breast) and small sponsor logo's are ideal for Embroidery. Almost any type of garment (including Caps) can be embroidered. If you wish to embroider individual names, company names on square numbers in block type, this is called monogramming. A nominal charge is made for this service.

An existing DST file may also be amended (eg. to show a new tour date or to change 1st XV to 1st XI) - we may need to change in these cases.

PRINTING

We offer a printing service, prices vary depending on size and colour.

Above left is a JPEG, showing poor quality of a low resolution image. The above right is a Vectorised image making it perfect for reproduction.
