

## Single IBC Spill Pallet With Removable Grids - BB1S

Moulded from medium density polyethylene this large capacity spill pallet can be used with most standard IBCs, has broad chemical compatibility and fully complies with all the UK regulations relating to sump capacities. In addition the removable deck provides easy access for cleaning.

Pallet height allows for safe dispensing as it helps eliminate back strain from constantly bending over. Designed to stack 5 units to minimise transport costs.

### SPECIFICATION

|                      |                         |
