

IBC Spill Pallet - BB3

Backed by our 3 year guarantee

This IBC spill pallet is fully compliant with the UK 110% bund regulation and is specifically designed for use with most common footprints of 1000ltr intermediate bulk containers (IBC). The IBC can sit directly on to the integral support columns.

To the front of the spill pallet is a built-in 260mm deep decanting area which allows any leaks/drips to be contained within the sump and as you would expect the unit has broad range chemical compatibility.

SPECIFICATION

Size	L1735 x W1455 x H715mm
Number of containers	1 x 1000ltr IBC
Sump capacity	1125ltr
Colour	Blue (BB3B) or Yellow (BB3Y)
