

## Sump Floor - BF2

Backed by our 3-year guarantee

A low profile 2-drum sump floor only 150mm high moulded from medium density polyethylene that can be used as a stand-alone unit or combined with others to create unlimited bunded areas. Units can be joined together with plastic connectors to inter-link the sumps and the injection moulded mesh floor has a 1000kg static weight load. Optional ramps are available for easier decanting.

You will require an appropriate size/capacity fork lift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any offloading.
