

Low Profile Drum Spill Pallet - BP4LR

Rotationally moulded using recycled polyethylene and designed to accommodate 4 x 205ltr drums this low profile spill pallet (only available in black) has a removable plastic grid for easy access to clean the sump and is fitted with fork pockets to help with moving the pallet (we do not advise this is done when laden as the drums could slide off, or if unevenly loaded it could damage the spill pallet).

SPECIFICATION

Size	L1280 x W1285 x H275mm
Number of containers	4 x 205ltr
Sump capacity	230ltr
Colour	Black
Tare weight	29kg
UDL	1250kg
