

## 3PMM50 - Schoeller Masks Disposable Medical Masks

Type IIR EN14683:2019 Certified. Bacterial filtration efficiency (BFE)  $\geq$  98%. Splash Resistance  $\geq$ 16.0

Manufactured by Empteezy.

The Schoeller Masks 3-Ply disposable medical masks are designed to cover the nose and mouth in order to minimise the incidence of cross-infection.

The masks is made with 3 layers of fabric for added protection with an integral plastic-coated strip for optimum fit, whilst being light-weight and comfortable. The bendable aluminum wire keeps the material close to the face. The elasticated loops are latex-free to minimise allergic reactions and allow for all day comfort. The mask is odour free. One size fits all.
