

GSP2IBC - Galvanised Steel Spill Pallet

Manufactured from 2mm structural grade galvanised steel this spill pallet is designed to accommodate 2 x 1000ltr IBC and has a sump that fully complies with all the current UK regulations relating to sump capacities. The unit is fitted with six galvanised legs to ensure the underside of the sump is not in contact with the ground and aid movement/positioning by pallet truck or fork lift truck.

This model can hold 2 x 1000ltr IBC or 8 x 205ltr drums.

This unit will be delivered by an HGV, possibly articulated therefore please ensure that a vehicle of this type can access your premises before ordering and advise us accordingly.

You will require an appropriate size/capacity fork lift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any offloading.
