

## Maintenance Spill Kit 2 Wheel Bin with Hinged Lid - M360SK

360ltr absorbency

This 360ltr absorbent capacity spill kit is ideal for use in a designated area and should also form part of your site wide spill response plan as it can quickly be wheeled from one location to another to provide back-up in the event of a significant spill.

| SPECIFICATION  |                                                                                                                                    |
