

## Heavy Duty Industrial Wipes - MAX110B

These premium grade reusable wipes are designed for surface wiping, working with solvents and the clean-up of fluid spills, or any application where a higher wet strength is required. They are ideal for use in maintenance applications, workshops, service bays, mobile workshops, service engineers etc.

Packaged in a handy pop-up dispensing box containing 160 wipes which are manufactured using a non-woven material. This makes them highly absorbent, biodegradable and leave no lint after wiping, yet are extremely high tensile and abrasion resistance.

Sold as a single box.

SPECIFICATION	
Size	30cm x 42cm
