

Magnetic Drain Cover & Frame MDC 03

The reusable magnetic drain cover will adhere to all metal surfaces which are free of dirt and debris, is extremely flexible, resistant to weather and temperature (-20°C to + 80°C) & resists acids & alkalis.

Each compact, light-weight cover comes complete with a storage frame to allow you to wall mount it right next to the drain you want to protect and has an easy to read "how to use" pictogram on it.
