

Oil Selective Absorbent Roll - OSR1-80

Oil selective rolls absorb hydrocarbons, but repel water making them ideal for responding to land based spills when it is raining, taking "oil" off water or in any application where you only need to absorb hydrocarbons. This product is bonded and fitted with a cover-stock to provide excellent wear resistance and market leading tensile strength and is perforated to allow you to use as much or as little as you need depending on the application.

SPECIFICATION

Size	50cm x 40m
Absorbs	Hydrocarbons but repels water
