

COSHH Storage Cabinet - PSC2

COSHH-compliant cabinet rotationally moulded in the UK while being backed by a 3-year guarantee. Each PSC2 is manufactured from polyethylene which has a wide range of chemical compatibility (check our compatibility guide for further information) allowing many types of chemicals to be suitably stored.

The cabinet is both lightweight & robust meaning it is well-equipped to endure environmental challenges including inside factories close to machinery. This makes the PSC2 a good choice as a "localised storage point", such as a static spill station, for housing small containers, tins, cans & absorbents.

The hinged door is fitted with a twin-lock while the cabinet comes supplied with three removable shelves to aid clean-up.

You will require an appropriate size/capacity fork lift truck to offload this item from the delivery

SPECIFICATION

External size	650mm L x 570mm W x 1650mm H
Sump capacity	70ltr
Colour	Yellow
Tare weight	44kg
UDL	52kg
Pack Size	4
