

COSHH Storage Cabinet - PSC4

COSHH-compliant cabinet rotationally moulded in the UK while being backed by a 3-year guarantee. Each PSC4 is manufactured from polyethylene which has a wide range of chemical compatibility (check our compatibility guide for further information) allowing many types of chemicals to be suitably stored.

The PSC4 is a large robust cabinet fitted with a hinged twin-lock door. It is well-equipped to endure environmental challenges including inside factories close to machinery. This makes the PSC4 a good choice as a "localised storage point", such as a static spill station, for housing small containers, tins, cans & absorbents. It comes equipped with 1 removable shelf & one removable grid.

You will require an appropriate size/capacity fork lift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any offloading.

SPECIFICATION

External size	920mm L x 720mm W x 1835mm H
Sump capacity	225ltr
Colour	Yellow
