

Open Fronted Cabinet - PWS

Backed by our 3 year guarantee

Rotationally moulded from durable polyethylene this open fronted cabinet comes complete with a height adjustable shelf and a recessed top (18ltr capacity) which can act as a temporary spill tray if a container of liquid becomes compromised.

Ideal for storing cleaning materials, absorbents or maintenance products this unit can be placed on production lines, at dosing points, in maintenance areas or anywhere you need access to "housekeeping" items.
