

Steel Spill Flooring Ramp - SFRAMP

Fabricated from chequer plate which is suitably braced to provide structural strength this ramp is designed to aid loading and unloading of the sump flooring and can be used with any of the steel fabricated models (SF10, SF20 or SF30).

You may require an appropriate size/capacity forklift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any offloading.

| SPECIFICATION | |
|---------------------|--|
| External size | 1000mm L x 500mm W x 110mm H |
