

Industrial Multi-Purpose Technical Process Wipes on a Roll - SONTEK65

These high quality technical process wipes are reusable, highly absorbent (up to six times their own weight) and low linting making them ideal for use in a range of industry sectors including; aerospace, automotive, pharmaceutical, general manufacturing and site maintenance. Because of the way this product is manufactured it is suitable for use with oils, lubricants and water and won't break apart even when used with solvents or other cleaning agents.

Sold as a pack of 2 rolls (shrink-wrapped).
