

Technical Data Sheet | BP2HC

Hard Covered Drum Spill Pallet | For 2 x Drums

Manufactured from medium density polyethylene, the BP2HC spill pallet boasts a durable construction with a hard cover and roller shutter door for added protection. Engineered to accommodate 2 x 205ltr drums placed side by side on a removable plastic grid, this sturdy spill pallet provides easy access to the sump area, ensuring hassle-free cleaning and decontamination. The sump, fully compliant with all UK regulations regarding capacities, ensures effective containment, while the UV-stabilized construction guarantees long-lasting outdoor use.

Product Specifications

External Dimensions (WxDxH)	990 x 1450 x 1690mm
Unit Weight	Approx. 93kg
Sump	230ltr
Colour	Yellow or blue
Padlock Hole Dimension	8.5mm
