Magnetic Drain Cover & Frame | Reusable

This reusable magnetic drain cover adheres to all metal surfaces, it's extremely flexible, weather resistant and works well in high and low temperatures of between -20°C to + 80°C.

The cover is resistant to acids and alkalis, comes complete with a storage frame allowing you to wall mount it next to the drain you wish to protect, and features an easy to read 'how to use' pictogram.

Product Specifications

Cover Size:	L600 x W600 x 0.9mm thickness
Frame Size:	615mm x 615mm
Pack Size:	L630 x W630 x H10mm
Colour:	Black with pictogram on upper side
Weight:	Drain Cover 0.9 kilos - Frame 1.6 kilos
Pressure Force:	52gcm

Product Features and Benefits

- Adheres securely to all metal surfaces, providing a reliable seal to protect drains.
- Extremely flexible and resistant to harsh weather conditions, ensuring durability in various environments.
- Works effectively in extreme temperatures ranging from -20°C to +80°C, making it versatile for different climates.
- The cover is resistant to acids and alkalis, offering robust protection against chemical spills and contaminants.
- Comes with a wall-mountable storage frame, keeping it handy for easy access next to the drain.
- Features an easy-to-read pictogram, providing clear instructions for quick and easy deployment.
