

Technical Data Sheet | PSC4

COSHH Storage Cabinet | 225ltr Sump

COSHH-compliant polyethylene cabinet with a broad range of chemical compatibility (please check our compatibility guide).

A large robust cabinet fitted with a hinged twin-lock door, 1 adjustable shelf & a base grid ideal for safely storing small containers, tins, cans & absorbents, or on the shop floor as a “local storage point” such as a static spill station. The shelf can be removed entirely to become a PSC3 and is perfect for storing a 205ltr drum due to its large sump.
