# Get *Exactly* What You Want

- **Traditional** (with overhangs) or **modern** (no overhangs)
- **Attached** (2-3 posts) or **freestanding** (4-6 posts)
- Your choice of **white** or **tan** vinyl exterior
- Select your desired **width** and **depth** dimensions
- Choose your preferred **style of posts** and **end caps**
- Pick your desired **shade level**: 75%, 90% or 50%
- Add **optional** fan mounts and high-wind brackets

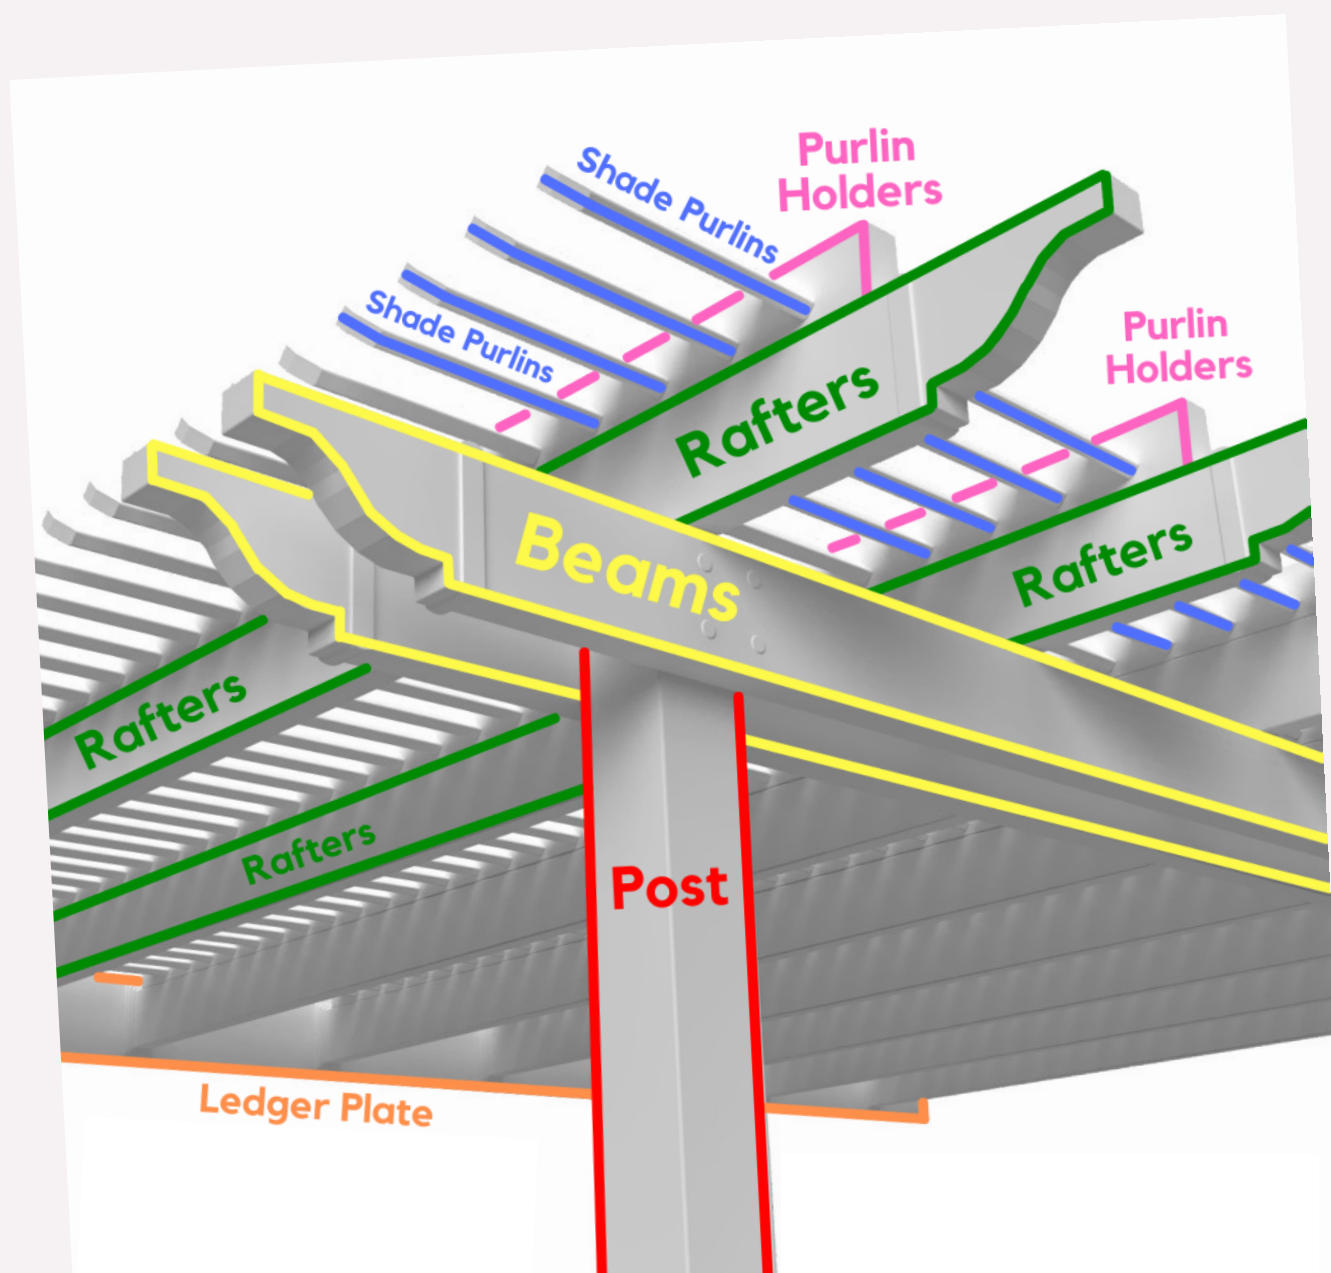

## Highest Quality Materials

- Exterior: **Premium extruded vinyl** colored throughout
- Interior: Heavy-duty engineered **aluminum frame**
- Will not sag, bow, bend, break, rust or discolor
- Virtually **maintenance-free** (wash with soap & water)
- **Lifetime** manufacturer's warranty
- Proudly made in the **U.S.A.**

## Save Thousands Buying Direct

Local contractors typically buy pergola kits from a local dealer who has already marked up the price **20-30%**. Then the contractor usually marks up the price again by **another 10-20%** plus charges you \$2,000 - \$5,000 to install it for you.

You'll **save thousands of dollars** by buying factory-direct, and you can even finance it over 36 months!

## Assembly Options

You can **either**:

- Assemble it yourself (2-day DIY project for two people, no special tools required); **OR**
- Hire me and my crew to assemble it for you for a **LOW** flat fee

Please call me to place your order so I can ensure you get **\$150 OFF!** (contact info on reverse side)
