Assembling Your Pergola

Assembling a Sunset Pergola is easy, even for novices. What's more, you won't need any specialized tools or machinery to assemble your pergola. If you (with the help of a friend) can lift up to 80 pounds and can use a tape measure, level, drill and circular saw, you're ready for a rewarding do-it-yourself weekend project.

What You'll Need:

- A helper (assembly is a 2-person job)
- 1 or 2 days (depending on the skill level of you and your helper, you should be able to fully install this pergola in 1-2 days)
- A few common tools: a level, a measuring tape, a ladder, a drill with a 6" extension (and common drill bits & drivers), and a circular or miter saw

Resources We Provide:

- A *fully-illustrated* installation guide (available in both English & Spanish)
- A *video series* demonstrating every step of the assembly process
- FREE live assistance via FaceTime or Skype (if needed)

Sunset Pergolas are Different

And Better!

Sunset Pergolas are made to last a lifetime.

They offer an unmatched combination of quality, beauty and affordability. The all-vinyl exterior is elegant and virtually maintenance-free, and the aluminum frame is both structurally strong and rust-proof.

The perfect combination of...

STRENGTH

and

Beauty

- Heavy-duty engineered aluminum frame
- Guaranteed not to sag, bow, bend, break or rust over time
- Aluminum-reinforced frame and mounts
- Built to withstand extreme weather conditions
- Over 50 standard sizes have been approved by a licensed engineer

- Entire exterior is made of premium vinyl
- Vinyl is colored all the way through
- Virtually maintenance-free - never needs to be sanded or painted
- Guaranteed to never chalk, pit, discolor or become brittle
- Easy to clean (just use soap and water)

Plus:

- **Lifetime Warranty**
- **Provides Real Shade**
- **Easy to Assemble**

How to Order

1

Order online at
SunsetPergolaKits.com

2

Order by phone at
[877-760-6992](tel:877-760-6992)

Reminder: We use *component-based pricing*, meaning that your pergola kit's price is based on the number of posts, beams, rafters, shade purlins, etc. included in the kit (not based on whether the kit you order is one of the kits we happen to show on our website).

So don't be afraid to contact us at 877-760-6992 to get a custom quote for a kit with the *exact dimensions* (and shape) you want! We've created pergolas of all shapes and sizes.
