

ABOUT ONEUP COMPONENTS

In 2013, three engineers launched a unique product to make 1X drivetrains accessible to all mountain bikers. We've been making the parts we want on our bikes ever since.

Today, our team brings real value and innovation to riders around the world. We design, engineer and test our products in Squamish, Canada.

Work Less Ride More is our motto.

THE PEOPLE'S CHOICE

OneUp was voted #1 'brand to buy next' for droppers, handlebars and pedals in the 2021 Pinkbike Audience Survey. The 2021 Vital MTB Survey also voted us #1 for droppers, chainguides and handlebars. Stock the product your customers want.

OUR RIDERS

We sponsor the riders who inspire us. Our brand is represented on the EWS, World Cup DH circuit and trails all over the world.

GET ONEUP IN YOUR SHOP

Our B2B website makes ordering easy. We have good stock and expect reliable availability through out 2022. Plus, you can rely on OneUp's in-house customer support team for fast and dependable service.
