Ashley Cameron Named Honoree for Austin Business Journal's 2022 Women in Business Awards

Ashley Cameron, owner and CEO of Love & Cookies has been selected as a 2022 Women in Business honoree by the Austin Business Journal. Formerly the Profiles in Power Awards, the 2022 Women in Business Awards recognizes respected women in leadership roles in Central Texas making a difference in their roles, our communities, and their companies.

Ashley started Love & Cookies after her oldest son, Charlie, was diagnosed at five years old with Kawasaki Disease, a serious illness characterized by inflammation of blood vessels throughout the body that primarily affects young children and infants. Kawasaki disease is the leading cause of acquired heart disease in children.

After Charlie's diagnosis, Ashley asked him what he wanted to do once they left the hospital. Charlie asked if they could bake cookies together. One batch of cookies led to another until they were giving them away to neighbors and close friends. Ashley got so much positive feedback about her homemade cookies that it planted the seed to start her own gourmet cookie company.

Women in Business honorees range from corporate executives to entrepreneurs, healthcare providers and small business owners. This year the Austin Business Journal will host an awards event for all honorees on 8/25/22 at JW Marriott and name 30 finalists along with 10 winners and a special rising star award.
