OBSTACLE COURSES

RAVE Sports inflatable waterpark systems offer endless creative combinations with pieces that are free-standing, connected into obstacle course systems, or a combination of connected and free-standing pieces. We partner with our customers to build systems that fit their waterfront or pool, budget, number of users, and abilities.

Creating a unique and versatile inflatable waterpark system is important to our customers so they can offer innovative attractions that will offer fun experiences and attract more visitors.

WHAT ARE YOUR GOALS?

Do you want a better installation than your competition? Generate more revenue? Attract more campers or visitors? Add programming options?

WHAT IS YOUR BUDGET?

RAVE Sports works with you to provide standalone signature pieces or complete obstacle courses tailored to your unique environment.

WHAT SPACE IS AVAILABLE?

What are the parameters of your waterfront or pool, such as water depth, feet of lakeshore, conditions of the beach area, size of pool, and number of users anticipated per hour or day?

ANY OTHER CONSIDERATIONS?

What other issues are important, such as safety, quality, installation and storage, or customer service? Our goal is to be your partner to ensure your water attraction is successful.

Course COMPONENTS

RAVE Sports obstacle course system is completely versatile! Choose from our pre-configured parks, or let us help you create your own obstacle course. Contact us to build a sports park for any waterfront size or budget.

NINJA QUAD STEPS

CHALLENGE YOUR INNER NINJA

Designed as a component for a Splash Trax modular system, the distinctive Ninja Quad Steps challenges aspiring ninja champions to leap from slanted step to step without falling into the water. Featuring four inflated disc steps positioned at a slant leaning into the open space below, this obstacle requires thought and skill to overcome, but also offers a great feeling of reward and accomplishment when mastered. Inflates quickly and easily connects to other Splash Trax modules utilizing Kwik-Lok straps and hook-and-loop strips for convenient, seamless and safe connections.

INFLATED SIZE	160" x 81" x 43" (4 m x 2 m x 1 m)
USERS	1 (220 lbs)

ARCH BRIDGE 1.5™

CLIMB UP AND OVER

The Arch Bridge 1.5 obstacle super-sizes fun as aspiring ninja champions are tested to climb up, over, and across as part of an integrated Splash Trax modular obstacle course. Users will put their endurance, speed, strength, and agility to the test on this bridge that's anything but ordinary. Designed with a series of cross tube steps across an arch, this unique component is a fun challenge for all ages and abilities. Inflates quickly and easily connects to other Splash Trax modules utilizing Kwik-Lok straps and hook-and-loop strips for convenient, seamless and safe connections.

ITEM #	03025

FULL TILT™

TEST YOUR BALANCE AND AGILITY

The Full Tilt is the one and only component of its kind to test the balance and agility of adventurous campers and program attendees. Designed as a component for a Splash Trax modular system, the Full Tilt's ramp pivots on its base to tip up and down while users run, walk, or step from end to end. Ninja champions will spend hours building their skills by tilting back and forth, balancing on the pivot, challenging playmates, and making friendships with this new 13.5-foot component. Inflates quickly and easily connects to other Splash Trax modules utilizing Kwik-lok straps and hook-and-loop strips covered with gap caps or convenient, seamless and safe connections.

INFLATED SIZE	160" x 74" x 43" (4 m x 1.8 m x 1 m)

AQUA TOTTER™

WHO CAN HANG THE LONGEST?

Created as a component integrated into a Splash Trax modular system, the Aqua Totter is an inflatable twist on the classic teeter totter. Users will test their strength and balance skills as they hang on tight and challenge their friends to move up and down and see who can hang on the longest before splashing into the water. This unique 13.5-foot component is comprised of a base unit that connects to other Splash Trax modules utilizing Kwik-Lok straps and hook-and-loop strips for convenient, seamless and safe connections, and a totter unit that connects to the base with a simple strap configuration.

INFLATED SIZE	160" x 126" x 45" (4 m x 3.2 m x 1.1 m)

AQUA JUMP®

THE CLASSIC THAT STARTED AN INDUSTRY

When we launched the Aqua Jump water trampoline in 1997, we knew we were getting at the heart of something big, but we could not predict how BIG!

No heavy steel frame: Our patented design removes the heavy perimeter steel frame used by others, making it the lightest and easiest to set up, plus results in 30% more jump surface.

Offered in two color options (Yellow + Blue, Northwoods Green + Tan) and three sizes of each.

Multiple attachment options allow customers to create a waterfront that fits their beach and budget.

EACH AQUA JUMP INCLUDES

- High Speed Inflator/Deflator
- Boarding Ladder
- Anchor Connector kit

OFFERED IN 2 COLOR OPTS

- Yellow + Blue
- Northwoods Green + Tan

LET'S
Hang Out!

AQUA MAT™ DELUXE

ONE OF RAVE'S BEST SELLING PRODUCTS

The Aqua Mat family is one of RAVE's best selling products. Constructed of extremely durable, yet flexible drop-stitch material, the Aqua Mat can be a slip and slide on the water, a water ski or wakeboard starting platform, a hang out on hot days (perfect for dogs too!), or anything you can imagine. The Aqua Mat Deluxe 20 and Aqua Mat Deluxe 15 can also be used as an attachment to most RAVE products, making the Aqua Mat family extra versatile. You can also connect multiple Aqua Mat Deluxe 20 and Aqua Max Deluxe 15 units to create a limitless track on the water!

The Aqua Mat includes a hand pump and is quick and easy to inflate, and folds up compact for easy portability and storage. The portable size even rolls up small enough to fit into a small storage space. With an Aqua Mat onboard, there's no need to lug around those heavy foam mats on the boat anymore! We love the Aqua Mat and know you will too!

THE AQUA MAT QUICKLY INFLATES AND DEFLATES, ROLLING UP FOR EASY PORTABILITY AND CONVENIENT STORAGE!

Fits easily under boat seats!

EACH AQUA MAT INCLUDES A DOUBLE ACTION HAND PUMP!

Spin Wheel with Bongo 13 Package

SPIN WHEEL™

**ROUND AND ROUND WE GO, WHERE IT STOPS
NOBODY KNOWS!**

The Spin Wheel is a hoot for all featuring a heavy duty non-slip drop-stitch constructed running track centering on a Bongo 13 water bouncer, perfect for your lifeguard to supervise all the kids. Kids (and adults) run around the low profile track and that's where the spinning action takes place. Make it a game of rapidly changing directions and you'll be testing your balance to see who can stay on! Easy and fun for all age groups, the Spin Wheel provides endless entertainment!

UNIQUE KEEL CUTS THROUGH WIND AND WAVES

JOURNEY PCX™ SERIES

NEW! Journey through tough conditions with this tough SUP. Introducing extremely durable SUPs constructed with Polycarbonate Composite (PCX) material combined with a touring-style keel design for the ultimate in steering and tracking. We've added layers of fiberglass and carbon fiber to the top, bottom, and side rails to make a super strong, terribly tough outer layer. Inside, we used a standard EPS foam core for a lightweight board offering superior buoyancy. But we weren't satisfied yet --- we also shaped the keel to cut through wind and waves for the ultimate paddling experience. Available in four color options.
