anemone

featured artist: Mary Grundy

Mary is our featured artist for 2024 and has a passion for painting flowers. Her interest in blooms came from her love of the English country garden. The beautiful colours and shapes they give inspired her to create flowers that will never fade away through her works of art.

Anemone is one of her most popular designs and we are delighted to feature it—this aqueous watercolour displays such stunning hues, it's been a joy to work this design into our apparel.

monet

Inspiration from the masters

Monet is an abstract palette of colour and vibrant shades. Golden waves of buttercups, delicate daisies contrast with the fiery orange hues of an Indian paintbrush, whilst the rich blues of cornflowers and the soft pinks of wild roses create a visual feast.
