The Sisters in the "mammalampa" collection are characterized by refined and nuanced painterly color relationships. These lamps have been prepared in the manner of traditional paintings, in other words, a canvas painted with color nuances and brush strokes. While these brush strokes are masterly and give the painting on each lamp its individual character, the lamps are entirely handmade. The texture of The Sisters cloth and colors generates a warm and cozy mood, accenting the finish of the cloth and brush strokes. The lamps in this collection are available in nine different color tones creating various moods and can be varied in various color combinations creating a rich bouquet of nuances within a room.
