

Single Seater 12.5ft Canoe

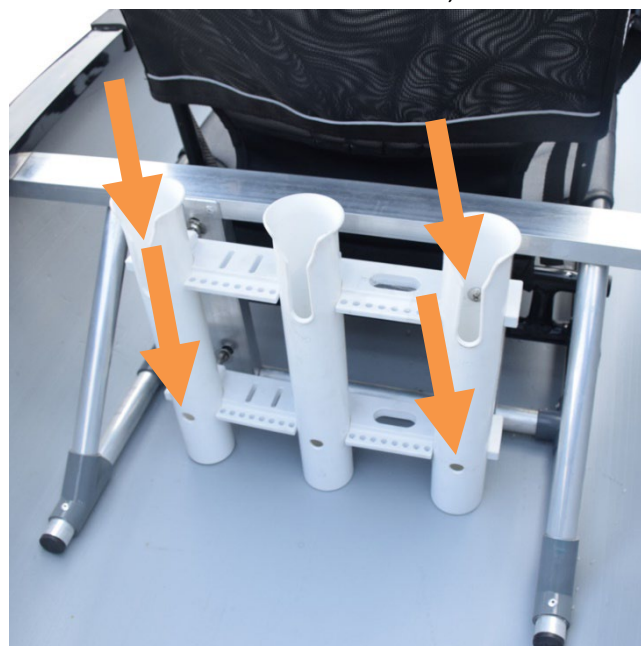

Congratulations on buying your Reel Yaks 12.5ft single seater Canoe. There is minimal assembly required for your canoe before you are ready to hit the water! Please ensure to dispose of these materials safely in particular the plastic.

The only assembly required if for the fishing rod holders.

Step 1: Screw the rod holders to the front bar. Each rod holder has 4 screws.

Step 2: Screw the rear rod holder to the back bar, this has 4 screws to secure it.

Step 3: We recommend adjusting your seat at the waters edge with the canoe in the water.

Reel Yaks canoes are warranted against material or manufacturing defects in the hull for two (2) years from date of original purchase of a new kayak. * (On sale canoes have a warranty of 1 year). Parts and accessories are warranted for a period of three (3) months against material or manufacturing defects from the date of purchase. Your Hull Identification Number (HIN) is on the outer hull on the right side below the Reel Yaks logo.

If you have any questions on your Reel Yaks kayak assembly, then please email us at info@reelyaks.com or call us on 855 202 5035.

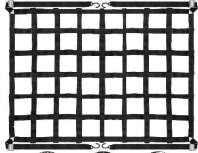

**You should now be ready to hit the water!!
And don't forget to fill out the warranty form on our site.**

And a reminder if you have any questions or concerns in respect of your Reel Yaks kayak then please email us at info@reelyaks.com or call us on 855 202 5035.
