Ableton Live 10 Intro includes an excellent set of content you can use to make music right from the start. For instance, the Loopmasters Mixtape pack comes with many excellent loops and samples. More importantly, you get all of the basic processing you need, such as compression, and EQ, plus chorus, delay, and other cool effects. Login: Log in to your Ableton.com account on your default internet browser (we recommend Chrome or Firefox), make sure you sign in with the email where your license is registered.

Download: The latest version of Live will always be displayed in your account to download. Install: Follow the installation steps.
