- Min/Max size: 6.5/10cm • Works horizontally or vertically

Made from 100% recycled plastics

47% of the material on this product is made from recycled post consumer waste plastic.

How To Use

Selfie Stick mode

- 1) When using as selfie stick, ensure your phone is securely fastened in the clamp before use
- 2) Set your desired angle and fasten the tightening screw securely.
- 3) Extend the length of the stick by pulling the handle away from the phone clamp
- 4) Connect the camera shutter remote to your phone by pressing and holding the button whilst in range and then selecting the 4-in-1 Selfie stick from the Bluetooth® menu on your phone

Tripod mode

- 1) To use the tripod mode, simply unfold the legs from the base and place on a level surface

Selfie Light

- 1) To turn on the Selfie light, press the button on the reverse of the LED. Press again to use the brightest level, press a third time to turn the light off.
- 2) To charge the light, plug the supplied Micro USB cable into the top of the LED, connecting the cable to an adapter (not supplied) plugged into a power source.

Safety Notes

- 1) Ensure all screws are tightened and fully fastened before use to prevent failure.
- 2) Keep away from fire
- 3) Consider the stability of the surface you're placing the tripod on before use.
