6. Power Button/ Call answering/ Image capture button

Interpretation of the LED Indicators

	Indicator	Status
⚡	Red	Charging
AUX/BT	Flashing Blue	Pairing Mode
AUX/BT	Blue	Connected

How to Charge Your Juice® Marshmallow

1. Connect the micro USB connector from the cable to the **Jumbo Marshmallow**.

Made from 100% recycled plastics
40% of the material on this product is made from recycled post consumer waste plastic.

2. Plug the USB connector to a USB compatible wall charger (ideally with 0.5A current output/DC 5V, 500mA).
3. When the **Juice® Jumbo Marshmallow** is fully charged, disconnect the USB Cable.

Note: A full charge takes approximately 2-3 hours required. The charge will last up to 4 hours when connected wirelessly.

Play audio from a Bluetooth® device

1. Switch the Wireless Speaker on by pressing and holding the power button for 3 seconds. The speaker is discoverable and ready for pairing. The LED indicator flashes blue.
2. On your Bluetooth® device, turn on Bluetooth® and scan for devices in its Bluetooth® menu.
3. When the 'JUICE JUMBO MARSHMALLOW' appears on the device list of your Bluetooth® device, select 'JUICE JUMBO MARSHMALLOW'. After pairing the LED will change to a constant blue light. The speaker is now ready to play music.
4. Press the power button to start playing music.
5. A short press of the power button will also increase the volume of the music playing

Example: iPad / iPhone / iPod Touch
Press Settings > Bluetooth® > Bluetooth® ON > JUICE JUMBO MARSHMALLOW

Using the call function

When receiving a call simply press the power button once to accept the call or accept the call in the normal way using your mobile phone. The call will then come through your **Juice® Jumbo Marshmallow**.

Using the camera shutter function

When taking photos using your Bluetooth® device you can use the **Juice® Jumbo Marshmallow** to capture the image. Just press the power button once to capture the

photograph.

Note: On some Android devices you may not be able to take a photo as described above, if you encounter a problem open 'Settings' then go to 'Camera', then set the 'Volume key' to 'Settings'. If you have an IOS device if you encounter an issue just refresh the Bluetooth® connection.

Reconnecting the Bluetooth® device

Keep in mind that the **Juice® Jumbo Marshmallow** has a 10 metre range in open field. If you move out of range or turn off the Bluetooth® feature on your Bluetooth® device, the **Juice® Jumbo Marshmallow** will disconnect from your device. To reconnect, simply follow the instructions in the 'Play Audio from Bluetooth® Device' section.

Changing connected Bluetooth® device

1. Disable the Bluetooth® function of your Bluetooth® device.
2. The speaker can now be connected to a different Bluetooth® device.
3. Now follow the instructions in the 'Play audio from a Bluetooth® device' section.
