LED Indicators

	Indicator	Status
⚡	RED	Charging
	LED OFF	Fully Charged
BT	Flashing Blue	Pairing Mode
	Colourful Flash	Connected

How to charge your Juice@Poolside

1. Connect the USB Type-C connector from the cable to the **Juice@Poolside**.
2. Plug the USB connector to a USB compatible wall charger with 1A current output (DC5V, 400mA). A red LED light will appear to indicate charging.
3. The LED light will turn off once the **Juice@Poolside** is fully charged.
4. It is recommended that you charge for 10 minutes before use if you haven't used it in over a week.

Note: A full charge takes approximately 2-3 hours. The charge will last up to 8 hours.

Playing audio from your Bluetooth® device

1. Press the Mode button once to enter BT mode.
2. Go into the Bluetooth® settings on your music source and search for Bluetooth® devices.
3. Connect to "**Juice Poolside**". Once connected simply play your music.
4. To increase volume, press the '+' button once. To revert to the previous track, press the '-' button once.
5. To skip to the next track, hold the '+' button for more than 3 seconds. To decrease volume, hold the '-' for more than 3 seconds.
6. Press the play/pause button to pause or play your music.

Note: For Android devices, the maximum volume attainable through the Poolside's '+' & '-' buttons is dictated by the volume controls on your device.

Ensure your device is at full volume if you want your Poolside at its maximum volume.

Specifications

Model No.	Juice@ Poolside	Output Power	16W
		Input Voltage	DC5V/1A
Playback Time	8 hours	Operating Distance	Up to 33ft (10m)
Water Res.	IPX7 Rating	Charge Time	2-3hrs
Dimensions	117 x 66 x 232mm	Net Weight	589 g
Bluetooth® Version	Bluetooth® 5.0		

Pairing Juice@Poolside with TWS

1. Turn on both speakers.
2. Press and hold the Light settings button on one of the speakers and wait for the speakers to connect – this will be indicated by a "beep"
3. Go into the Bluetooth® settings on your music source and connect to "Juice Poolside". The two speakers are now combined under one name
4. To unpair the speakers, Press and hold the Light settings button on either speaker until you hear the "beep"

Switching indoor/outdoor mode

When on, press the power button once to switch between indoor & outdoor mode. One beep indicates indoor mode, two beeps indicate outdoor.

Playing audio from your wired device

Power the speaker on and connect a 3.5mm audio cable to the AUX IN port. Connect the other end of your audio cable to your device and play.

Troubleshooting

Failed connection

1. Make sure the speaker is fully charged.
2. Make sure the speaker is in Bluetooth® mode.
3. Make sure your Bluetooth® device is available for connection.
4. Make sure the speaker is in range (10m) of your Bluetooth® device.

Note: If your device isn't paired to your speaker within 3 minutes, turn the speaker off & on again (ensure Bluetooth® pairing is re-activated).

Device successfully paired, but no audio

Make sure the Bluetooth® device's volume is set to a reasonable listening level.

Music quality low

1. Ensure there are not any solid obstacles between the device and speaker.
2. View the distance between the device and the speaker has not exceeded effective wireless connection range of 8-12 metres.
3. Check the playback device or whether the speaker is in a low power state.

Safety Warnings

This product is designed with full attention for safety performance. To ensure safe operation, please follow the following rules:

1. Place the speaker in a stable position to avoid fall and cause damage or personal injury.
2. Do not drop, disassemble, open, crush, bend, puncture, or burn the speaker.

3. Do not keep close to any heat source (such as radiators, heating tools, stoves or other heat generating sources)
4. Please send professional maintenance staff to repair for any damage related reasons.
5. Before wiping with a dry cloth to clean the speaker, ensure the speaker is turned fully off and is not connected to a power outlet.
6. Health considerations, please adjust the sound to a suitable level to avoid damage to hearing.
7. Only charge with devices rated and marked with 5V to avoid damage to the speaker.
8. To keep the warranty valid, never try to repair the product yourself.
9. Beware of rough handling as this can break the internal circuit boards and the mechanics.
10. Dispose of this product safely.
11. All juice products are tested comprehensively to ensure quality.
12. Children should be supervised to ensure that they do not play with this product.

Legal Liability

Juice® Speakers can only be used with compatible products. Please read your devices instructions to determine whether this product matches your devices requirements. The manufacturer will not be liable for any damage to your electronic equipment during the use of this product. Juice will not be held responsible for any equipment or accessories not suitable for use with this speaker. The manufacturer will not be held liable for damage caused by misuse or damage incurred by the buyer or the third party rising from any intentional or unintentional use of this product.
