Mirror Image Alert!

1. Cut strips scant $1\frac{1}{8}$ " x 10" long. Join lengthwise and true up one end. Cut 2 rectangles the length of S-98y and create a pair of mirror image parallelograms as shown below.

2. From background fabric cut 3 M-76 triangles and 2 S-98y rectangles.
3. Cut 10 pairs of S-100 triangles with fabrics right sides together. Do not separate the triangle pairs. Chain piece 6 pairs into half-square triangle units. Separate the remaining pairs. You will have 2 extra triangles of the "basket feet" fabric.

4. Assemble the block as shown in the book.
