

How to Assemble a Kaleidoscope Block

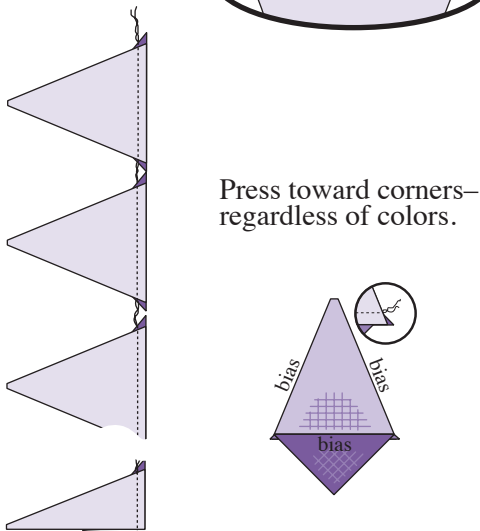

(condensed)

For Sunny Day Umbrellas, skip steps 1 and 2. Corners will be added later. Pretend illustrations in steps 3 to 6 don't have corners added yet.

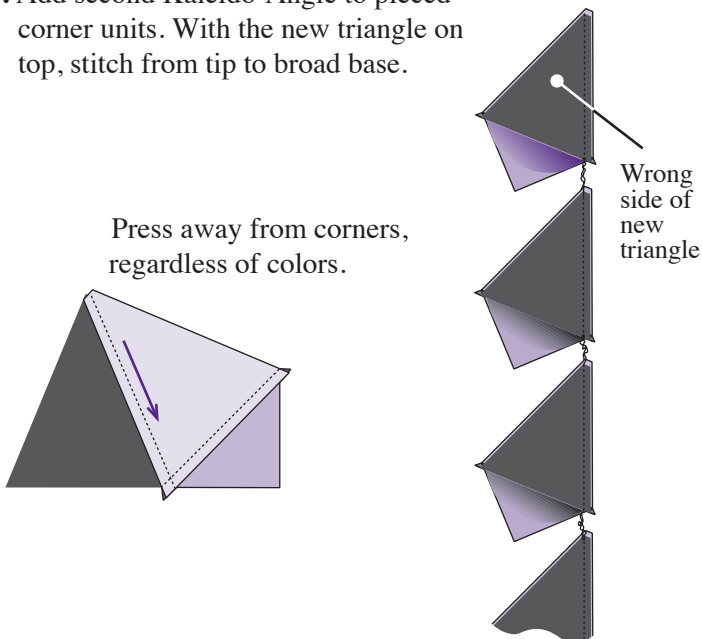

1. Position Kaleido-Angles on top of corners.

2. Chain piece.

3. Add second Kaleido-Angle to pieced corner units. With the new triangle on top, stitch from tip to broad base.

4. Join quarters into pairs. Stop stitching $\frac{1}{4}$ " from point at seamline. Hold seam allowance out of the way.

Looking at the seams, press clockwise. Looking at the right side, one half should look like this.

5. Sew halves together in 2 seams from the edges to the center...

OR

Sew halves together in one seam from edge to edge.

6. Press all seam allowances clockwise. Make a swirl at the center point.
