

# Introduction to Perfect Patchwork Template Conversions for the Farmer's Wife 1930s Sampler Quilt

Blocks are listed below in the order of the tools used to make them. You must have a copy of the *Farmer's Wife 1930s Sampler Quilt* book by Laurie Hird to follow along. PDFs are hosted on our website at [www.frommarti.com](http://www.frommarti.com).

All of the template conversion charts were originally published on Marti's old blog as part of a sew-along with several other bloggers in 2015 - 2017. The charts were compiled and distributed by Marti Michell with permission of F+W, publisher of *The Farmer's Wife 1930s Sampler Quilt*, for your personal use only and they cannot be redistributed via electronic or any other means and cannot be sold. Please do not remove copyright notations. Thank you for your support.
