“
 These are the cutest little bars! And the aroma is fantastic! I love that they include prebiotics and omega 3s and 6s so my pomeranian Bella receives nutrients that make her coat shine and her tummy happy. The Journey Up! treats are perfect to take on all our hikes and beach walks and also to add to her food at home.
 ”

PRODUCT DESCRIPTION:

HappyTails Canine Wellness' Journey Up treats are made with love in the USA with natural ingredients. We smoke our jerky over real wood chips for a remarkable flavor and aroma. What's more, our treats are scientifically formulated to deliver targeted health benefits, including:
