

GT15000E **PUSH BUTTON ELECTRIC START** 15000W GENERATOR

A highly versatile machine with a massive 11,500W (max) power output, multiple heavy duty power-outlets, and optional ATS, the GT15000E allows for easy powering of a house, workshop or work-site and make an ideal back-up generator in natural disasters.

The 40L fuel tank and industrial quality of the GT15000E will keep you in power all day. The unique GT Power features like the industrial air cleaner, muffler system, superior-duty copper wound alternator, automatic voltage regulator and low oil alert will allow you to tackle any task.

Robust industrial frame for added protection

Shifting Arm for easy moving

Push button electric start for effortless starting

Large Capacity 40L Fuel Tank

Industrial Air Cleaner and Muffler System

1x
THREE PHASE (20A) OUTLETS

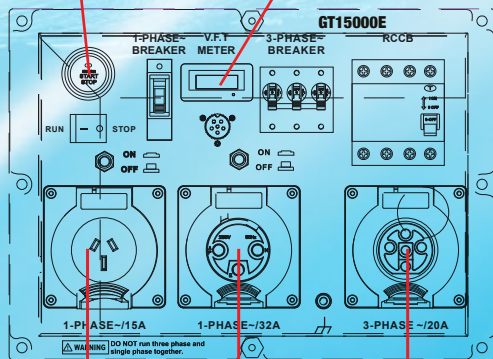

2x
SINGLE PHASE (15A & 32A)

Convenient carry handles for moving around the worksite

Solid Wheels for Rugged Portability

Push button electric start for effortless starting

Frequency-Time Meter

20A-three phase outlet

32A-single phase outlet

20A-three phase outlet

**Optional
ATS7 Startmaster
Auto Transfer Switch**

#19882

Ready for home back-up automatic switching!

Single Phase - 230V
