

..... **BREAK THROUGH TECHNOLOGY!**

GT2600 PROFESSIONAL POWER GENERATOR

The 'built for work' characteristics of the GT POWER range are embodied in the industrial tubular steel frame and the long range fuel tank.

The 230V single phase GT2600 includes all the unique GT POWER features like industrial air cleaner & muffler system, for cleaner quieter operating, a superior quality alternator & automatic voltage regulator (AVR) for more stable power output and a low oil alert function with automatic engine shut down.

Single Phase - 230V

2800W

...for safe powering of most household appliances, heaters and even boiling the jug!
