

HYBRID SF HELMET COVER

SPEC SHEET

VERSIONS AVAILABLE:

Ops-Core Fast XP, Ops-Core Fast MT (Maritime) Ops-Core Fast SF & additional helmets on request

DESCRIPTION:

The Hybrid SF Helmet Cover was designed specially for certain SOF Units who required a performance cover that combines some of the best features of our Mohawk AIR and Raptor helmet covers. It fits like a glove and has an integrated PVS 31 Battery Pack/Counterweight Pouch as well as many other features.

The Hybrid SF provides color or camo uniformity, protects the helmet's painted ballistic surface and serves as a rock solid platform that secures helmet accessories, preventing loss or damage.

DETAILS:

- Agilite accurate fit
- Sewn-in PVS 31 Battery Pack/Counterweight Pouch
- Integrated cable management
- Multiple accessory tether points
- Full spectrum, rock-solid accessories platform
- Easy installation-can be fitted to helmet in seconds
