

Herb your enthusiasm

Whee! Flying Tiger Copenhagen is launching an eco-conscious spring series that rhymes with flowers, quality materials and biodiversity. If your fingers aren't green yet, they will be!

Summer is only three months away, let's meet halfway. To make sure that you're well-prepared for the first days of spring, we're rounding up some must-haves for your garden and balcony. Spring is a busy bee, so you'd better be ready!

Our garden series offers a dark green watering can and an oval flower planter to hang from the balcony railing. Both are made from zinc, a durable material that can be endlessly recycled. The new spring arrivals also include a bug hotel to help bring back wildlife and a plant calendar designed to keep track of when to harvest and when to grow. Both are made using wood and paper from well-managed forests.

Available online and in stores from mid-February. Prices from €2.

An invitation to a richer life. At Flying Tiger Copenhagen, we don't design to make products look nice. We design to make people feel good. Every month we launch an array of new products: Things you need. Things you dream of. Things you didn't know existed. Products made for you and the resources we share. A richer life doesn't cost a fortune. At least not at Flying Tiger Copenhagen.
